Iraq War

IRAQI INVASION, IRAQ WAR

MARCH 20- MAY 1, 2003

UNITED STATES AGAINST IRAQ

Also known as Operation Iraqi Freedom, it was the first stage of the Iraq war and lasted just over a month. In October 2002, the senate was told in a closed session that the Iraqi government had means of delivering biological and chemical weapons on mass destruction. Hussein refused to leave Iraq, so the invasion began. It saw the collapse of the Ba'athist regime, which was brutally authoritarian and had lasted for 35 years. The U.S. would not withdraw from Iraq until 2011.
